Brigadier General (R) Youssef Darwish Fakhro

Distinguished Leader and Visionary Entrepreneur

Brigadier General (Retired) Youssef Darwish Fakhro is a highly respected figure in the fields of engineering, military service, and business leadership. With over 40 years of dedicated service in the Qatar Armed Forces, his exceptional leadership and unwavering commitment earned him the rank of Brigadier General. His military career provided him with invaluable expertise in management, strategy, and operations, laying the foundation for his successful transition into the business world.

Following his honorable retirement from the armed forces, BG (R) Youssef became the Chairman of Edar Group of Companies, a multi-sector conglomerate operating in real estate, hospitality, logistics, marketing, education, oil and gas, construction, and facilities management. Under his visionary leadership, Edar Group has expanded beyond Qatar, establishing a presence in KSA, UAE, Oman, Kuwait, Iraq, Turkey, the UK, and Egypt, building a global business footprint.

Known for his integrity, strategic foresight, and innovative thinking, Brigadier General (R) Youssef continues to make a profound impact on both the public and private sectors. His leadership serves as an inspiration, guiding Edar Group's sustained growth and success across multiple industries.

His legacy is a testament to the power of dedication, knowledge, and excellence, shaping the future of the industries in which he operates and reinforcing Qatar's influence in the global business landscape.

Sheikh Nayef bin Eid Al Thani

Prominent Business Leader and Member of the Qatari Royal Family

Sheikh Nayef bin Eid Al Thani is a distinguished member of the Qatari royal family and a highly respected business leader. As the CEO of a major holding group, Sheikh Nayef has played a pivotal role in shaping the growth and diversification of Qatar's economy. His strategic vision and leadership have guided the group's success across multiple sectors, contributing to both national and international business landscapes.

With a deep commitment to innovation and sustainable growth, Sheikh Nayef leads with a focus on long-term investments and high-impact projects that align with Qatar's economic development goals. His leadership emphasizes excellence, responsibility, and forward-thinking strategies, ensuring the group's continued expansion and influence in key industries.

Known for his strong business acumen and deep ties to Qatar's heritage, Sheikh Nayef bin Eid Al Thani continues to inspire innovation and growth, cementing his legacy as a leader who bridges tradition and progress. His contributions reinforce Qatar's reputation as a global hub for business and investment.

EDAR GROUP
مجموعة شركات ايدار

Dr. Mohamed Abdou

Executive Leader and Visionary Entrepreneur

Dr. Mohamed Abdou is a seasoned business professional with over 20 years of experience in management, strategy, and asset development across multiple industries, including hospitality, real estate, education, and environmental technologies.

He began his career as a Management Trainee and advanced through roles in strategy and operations to become CEO of Retaj Hotels & Hospitality and Head of Asset Management for Retaj Group. Currently, he serves as Managing Director of Edar Group, leading the company's expansion into KSA, UAE, Oman, Kuwait, Iraq, Turkey, the UK, and Egypt.

In hospitality, Dr. Mohamed spearheaded Retaj's strategic transformation into the largest dry hotel chain in the Middle East. He manages a real estate portfolio of over 5,000 units, with plans to expand the hotel portfolio by adding five new properties with over 1,200 rooms.

Dr. Mohamed's leadership extends to Technojet, where he drove the company's expansion into environmental solutions across four countries. His strategic vision is reflected in his ability to bridge corporate strategy with operational excellence, achieving sustainable business growth.

An academic leader and social advocate, Dr. Mohamed holds a Doctorate in Business Administration and has conducted training programs for top universities and organizations in the Middle East and Europe. He is also the founder of Sharek Team, an NGO dedicated to developing soft skills for fresh graduates.

His experience spans hotel management contracts and mixed-use projects across the Middle East, Far East, Europe, and Africa, solidifying his position as a transformational leader in the global business landscape.

Dr. Mohamed Ali

Operations Leader and HR Expert

Dr. Mohamed Ali is an accomplished business executive with extensive expertise in operations management, human resources, and organizational development. He currently serves as the Chief Operations Officer at Citadel Real Estate Qatar, where he drives strategic planning, operational efficiency, and financial oversight to maximize business performance and return on investment.

With over two decades of experience across diverse industries—including real estate, hospitality, manufacturing, and facility management—Mohamed has built a solid reputation for transforming businesses, optimizing HR operations, and implementing performance management systems. His previous roles include Corporate HR and Organizational Development Manager at Retaj Group and senior leadership positions at Asfour Crystal, where he managed over 30,000 employees across multiple sites.

Mohamed's core expertise lies in business strategy, operational planning, talent development, and performance management. He has led successful business transformations, including restructuring corporate models, establishing competency-based training systems, and implementing quality management frameworks to enhance organizational effectiveness.

Mohamed holds an MBA, Mini MBA, and a Bachelor's degree in Social Work. His extensive professional development includes certifications in ISO 9001, Hay Job Evaluation, supply chain management, and leadership training.

A strategic thinker and problem solver, Mohamed Ali continues to lead by example, fostering collaboration and delivering sustainable growth across complex business environments.

EDAR GROUP
مجموعة شركات ايدار

Mr. Ahmed Salem

Entrepreneur and Asset Management Expert

Mr. Ahmed Salem is a seasoned entrepreneur and business leader, currently serving as the CEO and Head of Asset Management for Real Estate and Hotels within the group. With extensive expertise in asset management, risk management, and strategic leadership, Ahmed has been instrumental in optimizing the group's real estate and hospitality portfolio to achieve sustainable growth and maximize returns.

Throughout his career, Ahmed has demonstrated a proactive approach to risk management, ensuring that investments and operations align with market trends and business objectives. His entrepreneurial mindset drives innovation and business diversification, fostering new opportunities and expanding the group's market presence.

Under Ahmed's leadership, the asset management division continues to thrive, overseeing a dynamic portfolio of real estate properties and hotels. His strategic vision and ability to balance risks with opportunities ensure that the group remains competitive and resilient in a fast-evolving market landscape.

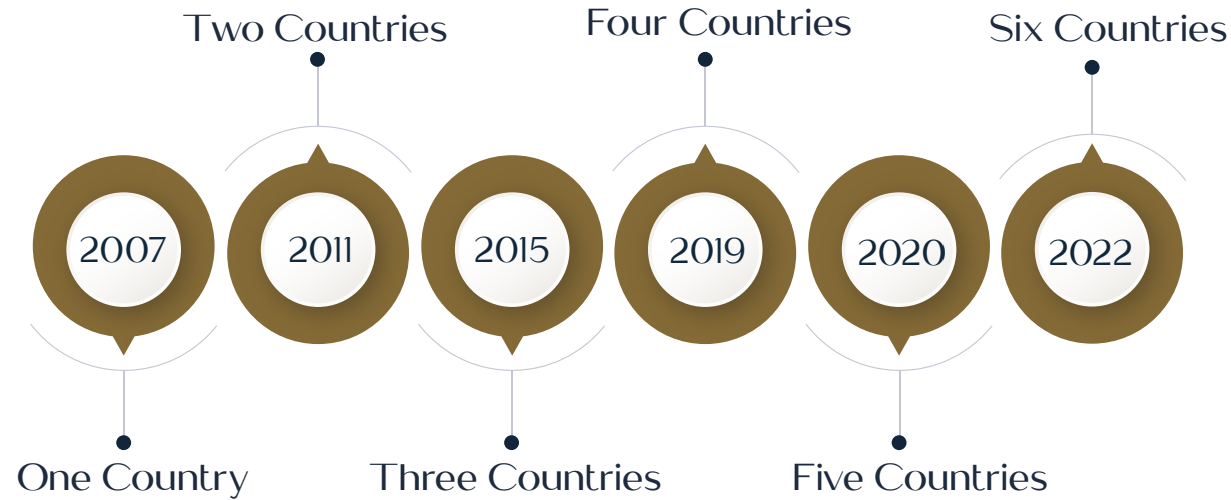

Known for his dedication to excellence and strong leadership, Mr. Ahmed Salem plays a critical role in the group's long-term success, ensuring consistent growth across the real estate and hospitality sectors.

TECHNOLOGY & CONCEPT

"Environment-Friendly Economy" is the main concern for TECHNOJET; it is concerned with about bringing up technology adopting this term. The corporation aims to offer prominent technologies in power generation, water, oil and gas and other business areas. Meanwhile, the first technology being initiated by TECHNOJET was originally formed 25 years ago by FIPROSA that was mainly focused on bringing unique environmental technologies through unique engineering design.

This technology seeks to deliver petroleum sludge, harmful that can be flexibly sold as crude oil, unlike typical tank cleaning traditional services. The products of TECHNOJET are more stable, heavier, and less volatile and will use FIPROSA technology and equipment.

EDAR GROUP
مجموعة شركات ايدار

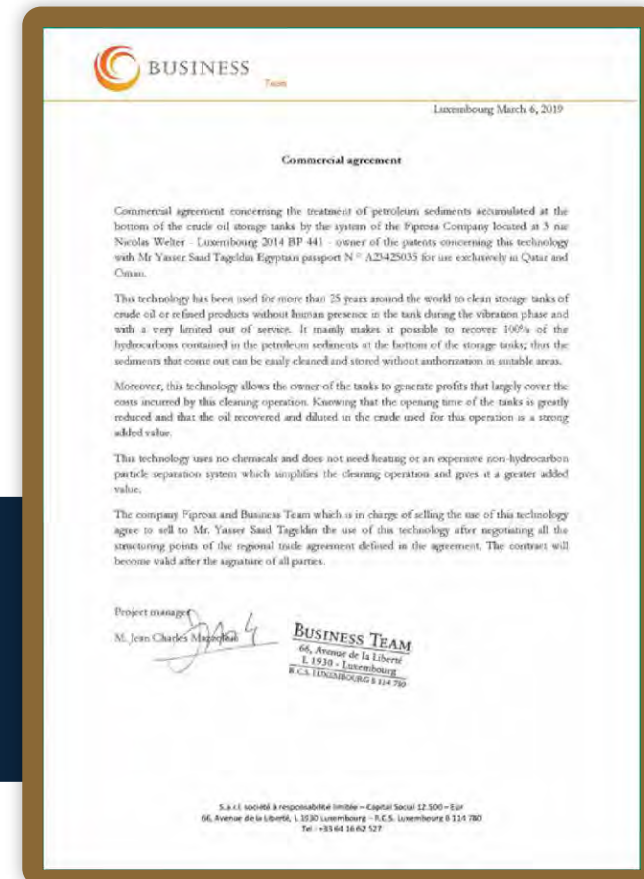

FIPROSA TECHNOLOGY

A European technology for a Healthy Green Environment

TechnoJet technology is based on turning the sludge into a more valuable and flexible commodity that enjoys many more conventional marketing options.

As the company is an exclusive user and monopolist for the European technology of FIBROSA Company which is the owner of the patents concerning this technology.
